

General Information

Program Goal:
To provide clinical and practice information in diabetes management, education and research.

- Program Learning Objectives:
- Participants will be able to utilize information to enhance teaching skills.
 - Participants will be able to integrate new research findings into practice.
 - Participants will identify the mechanism of action and clinical use of new pharmacological agents in type 1 & 2 diabetes.

Target Audience:
Professionals who work with people who have diabetes, including but not limited to Registered Nurses, Dietitians, Nurse Practitioners, Pharmacists, Physician Assistants, and Physicians.

Conference Sponsors:
Association of Diabetes Educators of Utah (ADEU), an affiliate of the American Association of Diabetes Educators (AADE), and the Utah Pharmacists Association.

Continuing Education Credits:
Nurses: An application has been submitted to the Utah Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.
Dietitians and Pharmacists: An application for continuing education credit has been submitted to the ADA and ACPE.

Attendance and completion of the evaluation are required for credit.
A certificate of credit will be issued to those completing the evaluation.
